# Upgrade for Free to IE 7
Easy Link Found Below

In order to ensure a uniform user experience, DirectWare® now requires the use of Internet Explorer 7 (IE 7). Please download and install the free browser using the link below:
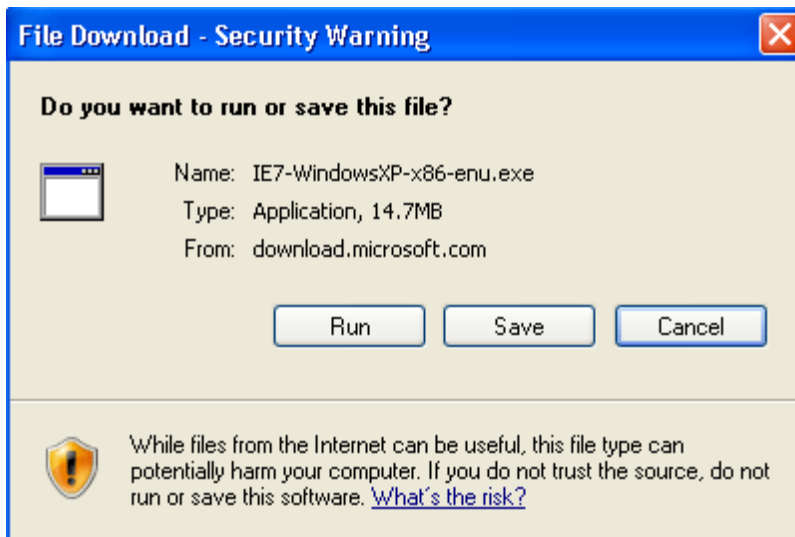

http://www.microsoft.com/windows/downloads/ie/getitnow.mspx

**After clicking the link, scroll down and click the blue "download" button.**

The content in your browser will change. This time you will click a white "download" button.

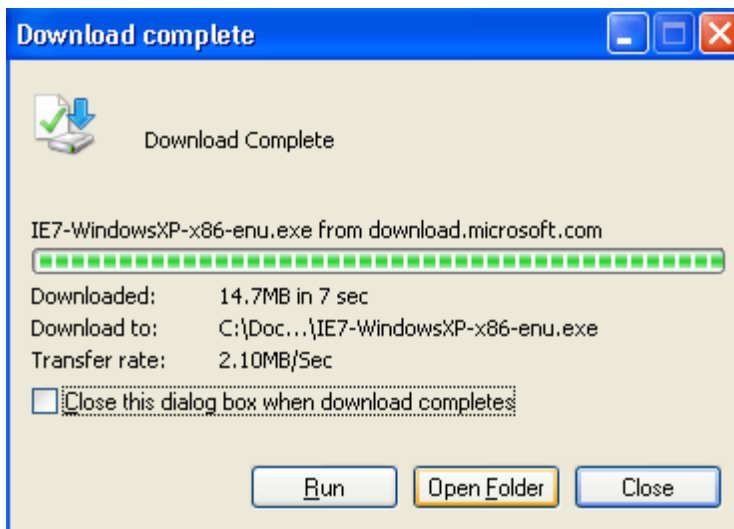

You will be asked whether you want to run or save the file. Choose "Save".

A window will open allowing you to choose where to save the file. Choose the location, and then press "Save".
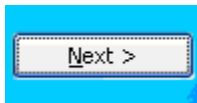

A message will tell you that the download is complete. Click the "Run" button.

**You will be asked if you want to run the software. Click "Run" again.**

**A welcome message will appear. Follow its advice, then click "Next".**

Next >

Read the license agreement and then click "I accept".

I Decline   I Accept

A message about installing the latest updates may appear. Click "Next".

☑ **Install the latest updates for Internet Explorer and the Microsoft Windows Malicious Software Removal Tool (recommended)**

Next >

**Installation will begin.**

Installing Windows Internet Explorer required updates...

Once installation has completed, you will be informed that you need to restart your computer. You can either restart at this time by clicking "Restart Now", or you can restart later by clicking "Restart Later". Be sure to restart your computer soon so that you can access DirectWare right away.

Restart Later   Restart Now (Recommended)

Now Log In to DirectWare® and enjoy all the benefits it gives you!
